Current Levels of Cross-Jurisdictional Collaboration in Ohio's Local Publi...

AOHC is currently leading an effort to develop a proposed model for Ohio's local governmental public health system. One important step is to describe the collaboration that currently exists among local public health district jurisdictions. Input from EACH jurisdiction is needed to create an accurate and comprehensive picture of this.

Thank you in advance for providing this valuable information!

Gene Nixon and Kathleen Meckstroth, Co-Chairpersons of AOHC Public Health Futures Steering Committee
